Eileen Brigid Quinn Koharski

- To all the Quinns, especially Francie, I am so sad to hear the news of Eileen's death. The memories of our playing together as children are vivid and she was such an important part of our childhood in Interlaken. I was lucky enough to meet up with Eileen now and then throughout our adulthood, to talk and catch up. She was a very wise woman and I'll think of her always.

- Eileen was truly a great neighbor. You could always go up on the porch and chat with her. I think that I can still hear her playing her drum. If we all were a little bit more like her the world would be more peaceful. We will miss her. Now she is in the most beautiful garden of all, looking down on us.

- My second mom, my "ei-ball". My love for her is eternal. She was the most courageous person I know, she fought and fought until she couldn't fight anymore. She is in peace now, no more pain or suffering. We will miss her so much but it brings comfort knowing that she is in heaven. I know I have another angel looking over our family.

- The light in the world has dimmed a bit..... Eileen always lent a brightness, even as she struggled, to those around her. Over the years, we spent hours laughing about the antics at Schibell & Schebells where I was lucky enough to have worked with her. Always a loyal, giving friend, Eileen will be sorely missed. Although unable to be there in person, I am with you all in spirit and prayers and, as always, when thinking of Eileen, with a smile.

- Eileen was always there for me when I needed her the most and even when I didn't (when she came over to clean my room and I screamed and cried in the corner) She was a generous and loving person, sharing her love with others. Although she will be deeply missed, I find comfort in knowing she will be at peace with her sister, parents and other loved ones.

- Eileen was an amazing,kind, loving woman. She graciously shared her love of gardening with my little Gianna before she was 2 and they were avid gardeners together until we moved away when she was 4, Gianna still has many fond memories of the big eggplant they grew together. Eileen loved to play scrabble with my son, Kevin. He will always remember the night Eileen held him captive playing scrabble while we were next door preparing his surprise birthday party, at the time he just could not understand why Eileen would not let him end the game and go home. She tried every thing she knew to keep him at her house until we were ready. He will always laugh about that night even though it was 7 years ago and he was only 8 at the time. She was a great neighbor, she was an important part of my children's lives and she will be deeply missed.
